EUROPEAN COLLECTION

INSPIRED by ceramic designs found in Europe, Architectural Supplements first introduced our Earth Forms European Cylinders in 2004. Based on the popularity of these clean, elegant shapes, we expanded the Earth Forms European offering to include Squares, Rectangles, Tall Squares, Tall Cylinders, Tall Curves, Extra Tall Curves and Metal Stands. We also added a full range of Metal Europeans which can be found in our “Metal” brochure.

We are honored to invite you to tour these pages to see the entire Earth Forms European Collection.

Sincerely,

Philip Feinman
Chairman

Steven Decker
President
